

MT. STERLING ADVOCATE

VOLUME XIX

MT. STERLING, KENTUCKY, WEDNESDAY, MAY 11, 1910.

NUMBER 44

HALLEY'S COMET ON MAY 18, 1910,

Time of Nearest Approach, Head
of Comet Only 12,000,000
Miles From Earth.

We are indebted to the American Book Company for an excellent article on Halley's comet, by David Todd, Professor of Astronomy and Navigation and Director of the Observatory of Amherst College. Relative to the distance of the comet, etc., when nearest the earth it says:

"During January and February, 1910, it was steadily receding from the earth, although traveling sunward all this time, which explains its very slight increase in brightness. On March 5, however, its greatest distance from us on this two months' retreat was reached—176,000,000 miles; April 1, distance, 136,000,000; May 1, 66,000,000; while on May 18, the time of nearest approach, the head of the comet is but 12,000,000 miles from the earth. Only an eighth part of the distance of the sun! Astronomically speaking, a very near approach. Only one of the staid planetary bodies is ever known to come so near. Still, this is fifty times the distance of the moon.

On this day, May 18, may be seen a strange and most unusual sight—the transit of a comet over the face of the sun, visible at such places as are fortunate enough to be in daylight while the passage is actually taking place. If the comet really transits the sun, as is expected, and its constitution is unlike that of the great comet of 1882, and ill-defined dark spot may be seen against the disk of the sun, progressing across it for an hour or two. The exact hour of the expected transit is not known; so that the sun's disk should be scrutinized on the 15th, whenever clear skies permit.

As comets' tails are always projected away from the sun, this date is the time when the earth is almost certain to pass through the tail of Halley's comet. But it is quite doubtful whether we shall have evidence of it, from any phenomena of the sky. At least once in the past has our earth made a similar plunge, and emerged unharmed.

Our distance from the head of Halley's comet on May 18, 1910, is practically equal to what it was from the nucleus of the comet of 1861 on June 30, of that year. More than that we know little or nothing, and cannot predict just what will happen, because the relative constitution of the two comets is unknown. All astronomers are, however, agreed that this conjunction of earth and comet need occasion no alarm. There is, indeed, the possibility that we may traverse the empty vacuity of the comet's tail without even the astronomers finding it out. The comet of 1881 came within 3,000,000 miles of the earth, but even this nearness did not afford a shower of meteors.

JUDGE'S SALARY LAW IS UPHOLD.

Special Judge Webb Decides Act
or Recent Legislature Constitutional.

Attorney George C. Webb, of Lexington, special Judge, agreed upon to try the case of J. W. Cammack, Circuit Judge, against Frank P. James, Auditor, to test the constitutionality of the law providing for the increase in the salaries of the Circuit Judges \$1,200 a year, has decided that the act of the Legislature is constitutional.

The case will not be appealed. The act was contested on two grounds, first that the increase of salary is contrary to the provisions of the Constitution, as the Judges are in office, and, second, that the office of regular Judge is incompatible with that of special Judge.

Special Judge Webb decided in favor of the Circuit Judge on both grounds. The act upheld by Judge Webb was known as the Eaton bill, and passed both houses of the Legislature, Gov. Wilson permitting it to become a law without his signature.

It provides that, when the appointment of a special Circuit Judge becomes necessary, the Governor shall be limited in his selection to the regular Circuit Judges then on vacation, and for the extra service, whether performed or not, each Circuit Judge in the State, except those in Louisville, shall be paid \$1,200 annually in addition to the regular salary of \$3,000 a year. In effect it raises the salary of each Circuit Judge to \$4,200 a year.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulents act gently and cure constipation. 25 cents. Ask your druggist. 1m.

Strike Troubles.

As a precaution to thwart an attempt to injure the L. & N. railroad bridge at Henderson the company has placed eight watchmen on the structure. Hundreds of cars of nonunion coal from Hopkins county, Ky., is being shipped to strike territory. Recent dynamiting of an Illinois bridge, because of hauling nonunion coal, caused the company to station guards.

John L. Beveridge, former Governor of Illinois, is dead at his home in Hollywood, Cal.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Eucletic Oil instantly relieves the pain—quickly cures the wound. 1m.

Thunderstorm at Somerset.

During a heavy thunderstorm at Somerset lightning set fire to a 30,000-barrel storage oil tank and it was destroyed. Other large tanks in the vicinity were threatened. The loss is over \$50,000.

THE LAYING OF CORNER STONE

Impressive Ceremonies Are Con-
ducted By the Paris Lodge
of Masons.

The laying of the corner stone of the new Government Building at Paris, Ky., took place Wednesday afternoon, May 4, in the presence of nearly one thousand people. The impressive ceremonies were conducted by Paris Lodge No. 2, F. & A. M., assisted by the grand officers of Kentucky.

Members of different lodges met at the Masonic asylum on Main street, and promptly at 3:45 o'clock, preceded by the Elks' band, marched to the new building.

After the invocation by Rev. B. M. Shive of the Second Presbyterian church, Grand Master John H. Coles, of Louisville, assisted by Deputy Grand Master, R. R. Burnam, of Richmond, Past Grand Master, Samuel K. Veach, of Carlisle, representing the Grand Architect of the Grand Lodge; Grand Senior Warden, David Jackson, of London, and Grand Junior Warden, Joseph H. Ewalt, of Bourbon, reported the work of the builders as faithfully executed, the stone true and trusty and well formed and properly laid.

Mr. M. H. Davis, of Paris, representing the treasurer of the Grand Lodge, then deposited the copper box, containing copies of the county papers and the Lexington Herald and such other things and records as the committee deemed proper should pass to some future generation.

Deputy Grand Master R. R. Burnam, assisted by the Grand Senior Warden, David Jackson, and Grand Junior Warden, Joseph H. Ewalt, with the implements of the fraternity, the square, level and plumb, tested the stone, after which the corn, wine and oil was scattered and poured upon the rock as Masonic symbols of nourishment, refreshment and joy. Grand Master Cowles then introduced the speaker of the day, Past Master Charles M. Harris, of Versailles, who delivered the address.

Has your dog got mange? Use Minor's Fluid. W. S. Lloyd.

Wife Killing Unlawful and Insurance Companies Profit Thereby.

The Supreme Court of Ohio held that if a man killed his wife, he forfeits by that act any right to stand as the beneficiary under any life insurance she may carry. The case was that of Elmer G. Fillmore vs. the Metropolitan Life Insurance Company of New York. Fillmore was sentenced for six years for pushing his wife into Snyder Lake. Mrs. Fillmore carried \$164 industrial insurance and Fillmore, in spite of the fact that he is serving his term in the penitentiary, tried to collect the money.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it. 1m.

The Maine To Be Raised.

After twelve years the ill-fated battleship Maine is to be removed from Havana harbor and the bodies which went down with the vessel will be interred in the National Cemetery at Arlington. A bill providing for such removal and burial which had passed the House, was passed by the Senate May 4.

Get rid of fleas on that dog—Use Minor's Fluid. W. S. Lloyd.

NEW AUTOMOBILE LICENSE LAW

Which Was Passed By the Leg-
islature Will Become Effective
on June 13.

Owners of automobiles in this State will be interested in the regulations and plans which are being made by Dr. Ben L. Bruner, Secretary of State, to put into effect the new automobile license law which was passed by the last Legislature and which will become effective on June 13, 1910. Dr. Bruner has appointed Miss Josie May Head, of Clarkson, Grayson county, as clerk of the automobile desk and is studying the best ways to carry out the provisions of the law. The work is not going to be light, and it will keep one clerk busy all the time keeping track of automobiles, issuing licenses and recording the sales of machines.

Under the new law any person who has paid the Kentucky license fees can go into any other State where there is a reciprocity automobile law without having to pay an additional license in that State. Most of the Northern States have this reciprocity law, and they will recognize the licenses of Kentucky in their own States, so that it will be a great convenience for Kentuckians on tour in other States. An Ohio automobile, on which the license in that State has been paid, for instance, will be allowed to come into Kentucky without any additional license, and other States where similar laws prevail will recognize Kentucky automobiles in the same way.

Under an opinion from the Attorney General, Dr. Bruner will furnish the owners of automobiles with the metal tags which are required by the law. This will insure all the tags being the same size and of uniform color. It was thought that the law might require the owner of an automobile to pay for the tag, Dr. Bruner will buy about 2,500 of these metal plates. They have numbers four inches high and half an inch wide and the letters "KY" after the number, these letters being more than an inch high. In addition to the tags that will be furnished by the State, each automobile owner saying the State license will be given an aluminum seal, which shows that the tax has been paid, and a card, signed by the Secretary of State, which serves as a means of identification as well as proof that the license in this State has been paid.

The licenses will be issued as of July 1, when the licenses must be paid, and Dr. Bruner expects to have everything in running order in the automobile department by that time.

William Jennings Bryan's Daughter Marries.

In a wedding so quiet as to excite comment, Mrs. Ruth Bryan Leavitt, eldest daughter of Mr. and Mrs. William J. Bryan, was married to Lieut. Reginald A. Owen, of the Royal Engineering Corps of the British army, stationed at Jamaica. Only members of the family witnessed the ceremony.

The groom is 26 years old and is the son of T. C. Owen, a business man of London. His mother is not living.

Mrs. Owen was married nearly seven years ago, when a school-girl 18 years old, to William Homer Leavitt, an artist, nearly twice her age. She secured a divorce from Leavitt in March, 1909, and was awarded the custody of their two children. The children are in Germany.

DRESS PATTERNS.

HOFFMAN AGENCY

Opens Offices in McClelland Building.

The supplies and fixtures for the offices of the H. G. Hoffman General Agency arrived Tuesday and the officers of the concern, which are located in the McClelland building, were fitted up Tuesday night and the agency opened for business Wednesday morning. This agency is doing a business of \$225,000 a year and is the only one in the State that handles the business of twelve companies, employing two hundred and twenty-five agents in all parts of the State, whose premiums will be sent to this office and whose business will be handled here. Louisville and other cities were considered by the company when they decided to leave Mt. Sterling, but Lexington was chosen on account of its central location and its being the home of most of the directors.

Until recently this concern was known as the H. G. Hoffman General Agency of Mt. Sterling, but it was recently incorporated and a number of prominent Lexington business men taken into the firm, among them being Messrs. Younger Alexander, J. S. Helm, J. C. Willis, W. B. Brock, E. H. Watson and Judge Matt Walton.

The business of the Henry Clay Fire Insurance Company, which will begin within a short time, will be written by this agency and three more companies will be added to the list soon, which will make a total of fifteen companies represented by the Hoffman agency.—Lexington Herald.

Mr. Hoffman, who will manage the business, is well known to all our readers as a young man of ability. We congratulate the company on securing the services of such a competent and worthy man, and wish them success.

Jolt For The Women.

In his episcopal address before the Methodist conference at Asheville, N. C., Bishop Hendrix flatly opposed the demands of the women of the church for representation in conference. He said the request was not in harmony with his ideas as to woman's place in the church, in the home and in society.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, O. m.

A CARD.

Having heard that some of our subscribers living in the country think our new rates excessive. I take this opportunity to make a statement of the cost of telephone service.

It actually costs us \$15.43 per year per telephone to furnish service to subscribers in the city. Now as the life of a telephone plant is not over fifteen years, a sum must be put by each year to replace the plant when it becomes worn out or obsolete. This will cost \$2 per telephone, making a total of \$17.43. This leaves a profit of only 57 cents per year on telephones producing \$18 per year.

Now country telephones should pay a rental enough greater than \$17.43 to pay an interest on the investment in poles and wire outside of the city limits and a sum that at compound interest will replace these lines at the end of 15 years.

Now the telephones on the Maysville, Van Thompson and Paris pikes at the new rates pay us only 2 4-10 per cent on the investment.

The writer will be glad to show the figures to prove this statement. B. F. BUCKNER, Manager Old Ky. Telephone & Telegraph Company.

Notice.

Any person being a subscriber to The Old Kentucky Telephone Company, and finding that their service is bad or imperfect, will render The City a great service by writing in what particular the service is bad, signing same and mailing to the undersigned.

W. A. SAMUELS, Mayor.

Invitation to Capitol Dedication.

The following invitation for the Capitol dedication was issued by Governor Wilson on May 5:

"To all our people of Kentucky and all our neighbors:

"You are cordially invited by the Citizens' Committee and the Capitol Commission, through the Governor as Chairman, to attend the dedication of the new Capitol at Frankfort, Ky., on Thursday, June second, nineteen hundred and ten, at noon, and a reception to be held at the new Capitol at night from 7:40 to 11 o'clock. Senator W. O. Bradley will deliver the principal address.

(Signed)

AUGUSTUS E. WILLSON, Governor of Kentucky, Chairman of the Capitol Commission and of the Citizens' Invitation Committee."

Entered in the Postoffice at Mt. Sterling as second-class mail matter

SUBSCRIPTION ONE DOLLAR PER YEAR
Cash must accompany order. No announcement inserted until paid for

TO THE PUBLIC.

As indicated in the farewell card of Mr. B. W. Trimble, of last week, THE ADVOCATE, with this issue, becomes the property of the ADVOCATE PUBLISHING COMPANY, incorporated, with Messrs. G. B. Senff and J. W. Hedden, Jr., as Editors and Business Managers. They are both well known young men and have gone to work in earnest, fully appreciating the task before them.

The ADVOCATE will continue Democratic; will insist, at all times, that only clean and capable men be nominated, at the same time urging the settlement of party differences, within party lines. Its aim shall be to give the news, having due regard for the ethics of correct journalism and the rights of others. The officers of the law, in their efforts to impartially enforce it, will continue to receive its support and co-operation, as will any and all public enterprises or measures, for the betterment of our community or society at large.

Upon this platform it shall strive mightily to merit honest approval.

ADVOCATE PUBLISHING COMPANY.

OUR NEW CLERK.

The resignation of Mr. R. A. Chiles as County Court Clerk, which has been expected since the day of his appointment, it being generally understood that his selection was but a temporary one, caused another vacancy in that office, which County Judge G. A. McCormick filled by the appointment of his predecessor in office, Judge A. A. Hazelrigg.

Both of these appointments came somewhat as a public surprise, as it was generally thought that the time-honored custom of consulting the wishes of the family of the deceased Clerk, Mr. John F. King, would be followed. An office, and especially one of the importance of this one, is a public trust and not a political asset, even though the right to fill it in the event of a vacancy, may by law, be vested in another.

We do not want to be understood, however, as having any objection personally to the new Clerk, or in fact, to either of the appointees. Judge Hazelrigg, the present incumbent, is well known to our readers, having long been the occupant of important places of trust and honor. He is a good Democrat, is competent and popular, and his legal knowledge and acquaintance with the duties of the office, will enable him to render entire satisfaction. We wish for him and his deputy, John H. Blount, abundant success.

TELEPHONE RATES.

Elsewhere in this issue will be found an explanatory card on the above subject, from B. F. Buckner, Manager of the local company. Being a reliable expert in his profession, his conclusions are worthy of serious consideration.

Personally we lack sufficient technical knowledge on the subject to intelligently discuss the proposed increase of rates and without it acknowledge our inability to say whether the Company's action is justified or not.

We are in favor of jealously guarding the people's rights, at the same time, public-service corporations should be treated fairly in matters of this sort and be permitted to receive a legitimate income on their investment.

The city authorities and the Business Men's Club have the matter in charge and are making a close study of it. Believing their labors will result in a better understanding of the subject and a proper adjustment of all differences, we deem it best, for the present, to refrain from further comment.

THE INDIANA CONVENTION.

Judging from the manner in which certain politicians of Indiana are howling, the recent Democratic State Convention held there completely ignored the prayerful admonition of George Bailey in the Houston Post:

"Oh, Lord, now that everything is coming our way, purge every Democratic soul of hot air and vain glory and insert large installments of common sense in every Democratic cranium, and oh, remember, Lord, our proneness to make fools of ourselves just when we have the world by the tail and a down-hill pull, and see that we don't get in bad this time!"

TEDDY'S RETURN.

The Roosevelt reception committee, is reminded, by an anonymous communication, (presumably from a Taft follower), that the date upon which Col. Roosevelt is scheduled to arrive in New York is the anniversary of the Battle of Waterloo. The "Back from Elba Club," by way of reply, however, calmly inquires, "Whose Waterloo?"

Mr. Advertiser, what do you think of an increase of over one hundred subscribers the first issue?

The Mt. Sterling National Bank

\$50,000 Capital \$50,000 Surplus

C. B. PATTERSON, Cashier

Old People Like Books

that show a comfortable balance in the bank. To acquire that balance you must begin now. Start an account with the Mt. Sterling National Bank. Then you can be free from all worry as to what you have and devote all your energies to making more. You'll spend less, too. A check-book does not burn holes in your pocket like the actual cash.

OUR SEWERS.

Work upon our sewers is progressing nicely, but having heard a few complaints about the streets, being partially or entirely blocked, where the work is going on we are prompted to remind our readers that we must all be prepared to be more or less inconvenienced, for the next few months. In a number of places, heavy blasts must be put in and to insure safety, the precaution of placing barriers across the streets must be resorted to. The contractors, Messrs. Paul & Kershner, of Dayton, O., both seem to be thorough gentlemen and will no doubt annoy the public as little as possible. The Mayor and City officials supervising the work, feel that our citizens should be patient and reasonable in the matter, promising us in return, an excellent system of sanitary sewerage and that too, without an increase in taxation.

EASTERN EXAMPLE.

Our own Congressional District should emulate this Fall the examples set by the Thirty-second Congressional District of New York and the Fourteenth Congressional District of Massachusetts, where the normal Republican majorities of about ten thousand, have been recently changed to Democratic majorities of about five thousand.

By the way Bro. Lyons, is it not about time to call the Congressional Committee together, for the purpose of designating the time and manner of selecting our nominee?

Committees of Montgomery County Fair Association.

People Should be Careful in Using Insect Powders.

Fifteen persons, including Jas. E. Stone, clerk of the Kentucky House of Representatives; Dr. J. W. Wilson and Fant Johnson, of the State Auditor's office, were poisoned and made sick at Frankfort, Thursday night, by eating strawberries that had been sprayed with insect powder while still on the vine in Tennessee, or some patch in the South. Chemists analyzed some of the berries that were not eaten and discovered the insect powder. All those poisoned are now out of danger, but all suffered agony for several hours.

INTERVIEWED.

Dr. W. R. Thompson Explains in
Detail the benefits of the
Sewer System.

For the benefit of our readers, a representative of the *ADVOCATE* called upon Dr. W. R. Thompson, a member of our County Board of Health and of the Sewer Commission and requested an interview regarding the System of Sanitary Sewerage now being constructed in our city. The Doctor very obligingly did so in the following able and comprehensive manner:

"At last Mt. Sterling has awakened to her responsibility in matters pertaining to the health and comfort of her citizens and those living along the banks of Hinkston Creek below the city. For years the sewage of our city in a raw state has emptied directly into this stream, making of it a cess pool and endangering the lives of all those living along its course and creating a nuisance almost unbearable by reason of odors arising from the fermentation. To put an end to this condition of things the citizens by an overwhelming majority voted last fall to build a Sanitary System of Sewerage for the disposal of all sewage in the city. The work is now well under way and is what is known as the "Septic Tank System," the most improved type for cities of this size or even much larger. In this system all the sewage runs into a big concrete tank 100 feet long, 30 feet wide and 10 feet deep, divided into two chambers where it is allowed to settle, taking out the solid matter and allowing the water to pass on in practically an unpolluted state. From time to time, depending on the volume of sewage entering the tank, quick lime is dumped into the chamber in use which prevents fermentation and destroys all germ life. Typhoid fever and all diseases producing germs are killed by the chemical action going on all the time within the tank. This protects the lives of those lower down the creek and makes the water much more wholesome than at present for stock and other purposes. When the solid matter has collected in one of the chambers to a given depth the sewage is turned into the other and this one cleaned out and the contents hauled off to be used as fertilizer, it having been rendered harmless so far as germ life is concerned by the quick lime and chemical action that has taken place and at the same time made more valuable as a fertilizer. The amount of solid water in sewage in cities like ours is very small, being only about 5 per cent. of total, taking a long time for the tank to fill to the point where it will need cleaning.

The pitting in of this sewage system solves for all time to come the problem of disposal of house sewage, and does away entirely with the old cess pool, its dangers and inconveniences, and keeps the waters of our little creek from being contaminated with filth and disease breeding germs. It is a big step in the right direction and Mt. Sterling in the list of up-to-date and progressive cities."

Prof. Hopper to Head Mt. Sterling School.

The Mt. Sterling Public Graded School Board have re-elected Superintendent Walter O. Hopper for the coming year. The Board also increased the Superintendent's salary from \$1,200 to \$1,500. The people of our city are indeed fortunate in securing the services of Prof. Hopper for another year, as he is one of the most learned instructors in the State and is deservedly popular.

For Home-Killed Meats call on S. P. Greenwade.

W. L. Douglass Shoes \$2.60 and \$3.00 at Walsh Bros.

For tombstones, markers, etc., call on or write F. H. Jackson, Winchester, Ky. 28-tf.

Blue Grass League Opens.

On last Thursday the Blue Grass League Base Ball season opened. All of the teams are stronger than last year. It seems a pity that Mt. Sterling people have to run over to some other town to see a base ball game.

The Knox New York Hat, N. Y. style.—Walsh Bros.

Increase of 50 Children.

G. Egbert Coons, enumerator, has finished the canvass of the city and reports that there are in Mt. Sterling 630 children of school age with 302 males and 328 females. The report last year was 580, showing an increase of 50 over last year.

Now don't you know there is a difference between Manhattan and other shirts?—Walsh Bros.

All kinds of green vegetables at Greenwade's.

King Edward is Dead.

Edward VII., King by the grace of God of the United Kingdom of Great Britain and Ireland, defender of the faith and Emperor of India, died in Buckingham Palace, his London home, at 11:45 o'clock Friday night. Pneumonia, which followed bronchitis, is said to have been the cause of his death. The physicians have not yet made a formal statement as to the disease. Edward's only son, George, Prince of Wales, became King at the death of his father. His first act was to notify the Lord Mayor of London of the death of the King.

Base Ball.

Al P. Gibbs with his team of lady base ball players are scheduled to play in our city Thursday. From the press reports they play a first-class game.

Acquitted.

After being out nearly five hours, the jury in the case of Robert Barr, Jr., charged with complicity in the murder of Hiram Hedges, returned a verdict of acquittal. Although there was a large crowd in the court room when the verdict was announced, there was no demonstration and perfect quiet prevailed when the clerk read the verdict.

CORRESPONDENCE.

STOOPS.

About half of the corn crop was planted last week.

Several from here attended court at Owingsville Monday.

Mrs. D. L. Goodan is slowly recovering from her illness.

Wm. Copher sold a colt to J. W. Mallory for \$75.00.

Norton Green, of Sharpsburg, has moved onto Roy Byrd's farm.

The continued bad weather has greatly delayed farmers with their work.

Mrs. Harrison Coan is able to be out again after several weeks' illness.

Ed. Clay has moved to Mt. Sterling, where he will engage in the meat business.

Giles & Coons will soon complete their sawing contract for Coons & Fasset.

Mrs. Clifton Bush, of Grassy Lick, visited her brother, J. H. Gillaspie, Sunday.

Poultry raisers here are having a serious time with their flocks. The loss is heavy.

Thos. N. Coons and wife, of North Middletown, visited relatives here Sunday.

Squire John C. Trimble, who recently had an operation on one of his eyes, is doing nicely.

Mrs. Chris Cassidy still remains at the point of death at the St. Joseph hospital, Lexington.

The telephone company has raised the rates, but the subscribers are raising "something else."

Miss Stella Copher closed her school Friday afternoon. She gave the scholars an old-fashioned candy pulling, which was greatly enjoyed.

We are sorry to lose Bro. Trimble from The Advocate, but extend greetings to the new management and trust that it shall attain fame in the journalistic world.

We suggest that the new management of The Advocate secure a competent force of correspondents in Montgomery and adjoining counties. For over seven years "Stoops" has nearly "gone it alone," and we are tired of being so "lonesome."

Now, why will you buy any other shoe when you can get the J. & M. for the same price?—Walsh Bros.

Ladies!

We call special attention to our fine assortment of window shades and wall paper. For bargains in roofing see us on Bank street.

Commissioner's Sale.

MONTGOMERY CIRCUIT COURT

R. F. WYATT, as Admin., &c., Pffs.

vs.

RUTH and NELL WYATT, &c., Dfs.

NOTICE OF SALE IN EQUITY.

By virtue of a Judgment and Order of Sale of the Montgomery Circuit Court, rendered at the April Term, 1910, thereof, in the above cause, the undersigned will, on the

21st Day of May, 1910

at 1 o'clock, p. m., or thereabout, proceed to offer for sale at Public Auction, to the highest bidder, on a credit of six months, on the premises, in the city of Mt. Sterling, Ky., the property mentioned in the Judgment, to-wit:

Situated on the west side of Harrison Avenue, in Mt. Sterling, Ky., and more particularly described as follows, to-wit: Beginning at a point on the west side of Harrison Avenue, in Mt. Sterling, Ky., at the northeast corner of the Wood lot; thence with the west side of Harrison Avenue N. 14 W. 53 feet to a stake in Johnson's property S. 74° 45' W. 227 ft. 9 in. to a stake in N. H. Trimble's line; thence with the east line of Trimble, Turley, Hazelrigg and Miller S. 16° 30' E. 530 ft. to a stake, corner to the Wood lot; thence with the north line of same N. 74° 15' E. 278 feet to the beginning.

In selling said vacant lots will first offer same in subdivisions, as follows, and then as a whole, and will accept the bid or bids producing the most money:

LOT NO. 1: Beginning at a stake on the west side of Harrison Avenue, in Johnson's line; thence S. 74° 45' W. 227 ft. 9 in. to a stake, corner to N. H. Trimble; thence with his line S. 16° 30' E. 48 ft. to a stake in Trimble's line, northwest corner of lot No. 2; thence with the north line of lot No. 2, N. 74° 15' E. 223 ft. to a stake in the west margin of Harrison Avenue at the northeast corner of lot No. 2; thence with the west margin of Harrison Avenue N. 14° W. 50 feet to the beginning.

LOT NO. 2: Beginning at the northeast corner of lot No. 3 at the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to the southeast corner of lot No. 1; thence with the south line of lot No. 1, S. 74° 15' W. 223 ft. 9 in. to a stake at the southwest corner of lot No. 1 in Trimble's line; thence with Trimble's line S. 16° 30' E. 50 ft. to the northwest corner of lot No. 3; thence with the north line of lot No. 3, N. 74° 15' E. 223 ft. 9 in. to the beginning.

LOT NO. 3: Beginning at the northeast corner of lot No. 4, on the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to the southeast corner of lot No. 2; thence with the south line of lot No. 2, S. 74° 15' W. 223 ft. 9 in. to a stake in Trimble's line at the southwest corner of lot No. 2; thence with Trimble's line S. 16° 30' E. 50 ft. to the northwest corner of lot No. 4; thence with the north line of lot No. 4, N. 74° 15' E. 220 ft. to the beginning.

LOT NO. 4: Beginning at the northeast corner of lot No. 5 on the west margin of Harrison Avenue; thence N. 14° W. 50 ft. to the southeast corner of lot No. 3; thence with the south line of lot No. 3, S. 74° 15' W. 220 ft. to a stake in Trimble's line at the southwest corner of lot No. 3; thence with Trimble's line S. 16° 30' E. 50 ft. to a stake at the northwest corner of lot No. 5; thence with the north line of lot No. 5, N. 74° 15' E. 218 ft. 9 in. to the beginning.

LOT NO. 5: Beginning at the northeast corner of lot No. 6 on the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to a stake at the southeast corner of lot No. 4; thence with the south line of lot No. 4, S. 74° 15' W. 218 ft. 9 in. to a stake in Turley's line S. 16° 30' E. 50 ft. to a stake at the northwest corner of lot No. 6; thence with the north line of lot No. 6, N. 74° 15' E. 215 ft. 6 in. to the beginning.

LOT NO. 6: Beginning at the northeast corner of lot No. 7 on the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to a stake at the southeast corner of lot No. 5; thence with the south

line of lot No. 5, S. 74° 15' W. 215 ft. 6 in. to a stake in Turley's line at the southwest corner of lot No. 5; thence with Turley's line S. 16° 30' E. 50 ft. to a stake at the northwest corner of lot No. 7; thence with the north line of lot No. 7, N. 74° 15' E. 214 ft. to the beginning.

LOT NO. 7: Beginning at the northeast corner of lot No. 8 on the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to a stake at the southeast corner of lot No. 6; thence with the south line of lot No. 6, S. 74° 15' W. 214 ft. to a stake at the southwest corner of lot No. 8; thence with the north line of lot No. 8, N. 74° 15' E. 212 ft. to the beginning.

LOT NO. 8: Beginning at the northeast corner of lot No. 9 on the west margin of Harrison Avenue; thence N. 14° W. 50 ft. to a stake at the southeast corner of lot No. 7; thence with the south line of lot No. 7, S. 74° 15' W. 212 ft. to a stake in Hazelrigg's line at the southwest corner of lot No. 7; thence with Hazelrigg's line S. 16° 30' E. 50 ft. to a stake at the northwest corner of lot No. 9; thence with the north line of lot No. 9, N. 74° 15' E. 209 ft. 6 in. to the beginning.

LOT NO. 9: Beginning at the northeast corner of lot No. 10 on the west margin of Harrison Avenue; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to a stake at the southeast corner of lot No. 8; thence with the south line of lot No. 8, S. 74° 15' W. 208 ft. to a stake at the southwest corner of lot No. 9; thence with Hazelrigg and Miller lines S. 16° 30' E. 52 ft. to a stake at the northwest corner of the Wood lot; thence with the north line of same N. 74° 15' E. 207 ft. to the beginning. In the northeast corner of this lot there is a graveyard, the dimensions of which are 20x15 ft. and is to be reserved and not to be sold.

If the said vacant lot, sold as directed above, does not bring a sum sufficient to cover the total of the amounts herein offered to be made, the said Master Commissioner will then sell, on a credit of six months, a lot cut off on the north side of the home residence of the said Mrs. Nannie B. White, fronting on Harrison Avenue, and bounded and described as follows, to-wit:

LOT NO. 10: Beginning at the intersection of College Street and Harrison Avenue; thence with the south line of College Street S. 74° 15' W. 185 ft. to a stake, corner to a 14 ft. alley leading from College Street to the rear of the main residence property; thence S. 16° 30' E. 50 ft. to a stake, corner made to the alley; thence N. 74° 15' E. 185 ft. to a stake at the west margin of Harrison Avenue; thence with the west margin of same N. 14° W. 50 ft. to the beginning.

Should the said vacant lot first above named and lot No. 1 fail to bring in the aggregate the total amount herein offered to be made, then the Master Commissioner will sell, on a credit of six months, a lot cut off on the south side of the said home residence property, fronting on Harrison Avenue and bounded and described as follows, to-wit:

LOT NO. 11: Beginning at a stake on the west margin of Harrison Avenue at the northeast corner of the E. E. Jones lot; thence with the west margin of Harrison Avenue N. 14° W. 50 ft. to a stake; thence S. 74° 15' W. 180 ft. 10 in. to a stake in the line of the Vice property; thence with the line of same S. 16° 30' E. 50 ft. to a stake at the northwest corner of the Jones property; thence with the north line of lot No. 7, N. 74° 15' E. 175 ft. to the beginning.

Or sufficient to produce \$2130.58, so ordered to be made.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a regular bond, bearing legal interest from the day of sale, according to law. Bidders will be required to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid. Bond payable to Master Commissioner.

JOHN A. TUDY,

43-3 Master Commissioner M. C. C.

COUNTY COURT DAYS.

Following is a list of days County Courts are held in counties near Mt. Sterling:

Bath, Owingsville, 2d Monday.
Bourbon, Paris, 1st Monday.
Clark, Winchester, 4th Monday.
Fayette, Lexington, 2d Monday.
Fleming, Flemingsburg — 4th Monday.

Harrison, Cynthiana — 4th Monday.
Madison, Richmond, 1st Monday.

Montgomery, Mt. Sterling, 3rd Monday.
Nicholas, Carlisle, 2d Monday.

A Good Example.

Of our own knowledge we know nothing of the facts which the investigation made by the judges of the Kentucky Association revealed in regard to the running of a horse which won a race at that track last week. We assume that they acted after careful investigation, and with accurate knowledge of the facts, and upon this assumption congratulate them and all who are interested in the preservation of legitimate racing upon the action which they took.

That action ought to be taken as notice to all the world that upon the Kentucky Association track racing shall be conducted honestly and fairly; that any owner, trainer or jockey who is guilty of fraud or dishonesty will promptly be punished. There has been no more important action taken at any race course in recent years, and it is well that this was done at the opening of the season of racing in Kentucky, that a standard might be set for the other judges at the other tracks.

The greatest enemies that legitimate racing has had have been such, bookmakers, owners and jockeys, as have instigated, connived, or participated in, crooked work. Such as they, together with the owners of the race tracks which established merry-go-rounds, are most directly responsible for the wave of popular feeling which resulted in stopping racing in Missouri, Illinois, Louisiana, New Jersey, and in the passage of the Hughes bills which did so much to cripple it in New York.

Through the creation of the State Racing Commission Kentucky has set an example for other States to copy; the action of the judges at the Kentucky Association track, if followed, will do much more to re-establish racing on the plane on which it was conducted when men of the highest character and of national reputation not only owned and raced horses, but considered it an honor to be asked to preside as judges or to become an officer of the Kentucky Association. We hope those days have returned.—Lexington Herald.

Will Take Place If Taft Insists.

A Washington dispatch says:

"Representative John W. Langley has made up his mind that he is willing to accept the District Attorneyship for the Eastern District and retire from Congress. His name will be presented to President Taft for the appointment."

"When he was first suggested for the District Attorneyship, he had no thought of allowing his name to be used, he says, but on reflection he has reached the conclusion that he could not afford to decline the office."

PLANS UNDER WAY

For Construction of State Masonic Hospital.

At a meeting in the Masonic Temple in Louisville last week a permanent organization was formed to plan for the building of a Masonic State Hospital.

According to the present arrangements, the hospital will be built in Louisville and subscriptions for its construction will be taken up among the various Masonic lodges of the State.

Officers of the permanent organization were elected as follows: President, the Rev. Dr. E. L. Powell; first vice president, Alfred Struck; second vice president, Judge John C. Strother; secretary, Charles P. Frick; treasurer, J. T. Funk. In the absence of Dr. Powell Alfred Struck presided subsequent to the formation of the permanent organization.

It was voted to have members of the executive committee, the rules committee, the finance committee and the building committee appointed by the president.

Dr. Powell will announce the committees at a later date.

The committee which was appointed about a month ago to ascertain the sentiment of various lodges throughout the State relative to the building of a hospital was reappointed. This committee is composed of Judge R. F. Peak, Edward Meglermy, A. P. Gans, Charles P. Frick, Charles H. Boden, Lawrence S. Leopold and Dr. W. D. Berry.

The meeting was well attended and those present were enthusiastically in favor of the project for the construction of a hospital.

Another Earthquake.

Five hundred people were killed by an earthquake which destroyed a large part of Cartago, Costa Rica. The telegraph operators are among the dead and details are unobtainable.

Some men are so busy thinking how much better use they could make of other men's opportunities that they overlook their own.

Don't be a piker. If you are thinking "Damn!" what the use of saying, "Oh, pshaw!"

The top of merit in shoes

has this mark of security on the bottom.

When you find that name on the sole you're as certain of good quality as you can be. It's the "Sterling" mark on shoes, and we sell them here.

We also carry an extensive line of Clothing and Furnishings and are better prepared now than ever to show Clothes to advantage, having just added some costly Clothing Cabinets.

Worn Women

Women, worn and tired from overwork, need a tonic. That feeling of weakness or helplessness will not leave you of itself. You should take Wine of Cardui, that effectual remedy for the ailments and weaknesses of women. Thousands of women have tried Cardui and write enthusiastically of the great benefit it has been to them. Try it—don't experiment—use this reliable, oft-tried medicine.

TAKE CARDUI

The Woman's Tonic

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side and legs, could not sleep, had shortness of breath. I suffered for years until I had insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. 'Twill help you."

AT ALL DRUG STORES

Idaho Actor's Wardrobe.

Tommy Post, one of the many stage folk living at the house on Grove street burned recently, was the heaviest loser of the actors stopping there. He lost a nightshirt and a red band handkerchief, and the leg of one of his trousers was water-soaked. He will take immediate steps to replenish his wardrobe.—Idaho Statesman.

Tribute to Womanhood.

Womanhood is the most sacred thing in life. When God made woman, He put in her fingers like jewels on a string of pearls and systems or planets, and then had called the various forms of His living creatures into being, even after He had made man, the last and greatest creative act was the helpmeet for the man.—Exchange

THE H. KRISH COMPANY, Inc.

Cadetsburg, Kentucky

WHOLESALE Dry Goods and Notions

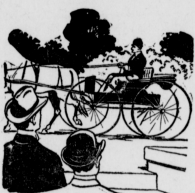

Always in stock a well selected line. Orders filled promptly and with care.

Nightingales Under a Ban.

It is said that no nightingales sing in Havering, England. Legend has it that the singing of the birds disturbed the devotions of Edward the Confessor when at his Havering palace, and he therefore placed them under a ban from which they have never recovered.

Appropriate Action.

"Old Grabdollar, the emiserant and expected trustor"—"Yes, he is dead. But in his will he showed his gratitude to the best friend he ever had. He left a large check of his plunder to erect a monument in grateful remembrance of the man who is vented technicalities."—Puck.

She'll be as proud OF YOUR New Rig as you are if you obtained it here. Lot of carriage satisfaction hereabouts!

It's our effort in advertising to persuade you to call and see for yourself what a superb stock of vehicles we have to show the good people of this community.

Come Any Day

Frewitt & Howell

Barbarous English Custom.

Boys in the west of England believe that by squeezing a mole to death between the hands and touching the affected parts with the blood that oozes from the mouth of the dying animal warts will disappear and will not reappear. The culprits are convicted that moles, worms and other subterranean dwellers have no feelings, and, therefore, it is not cruelty to put them to death.

The Real Thing.

"I guess I'll take a hand in the poker game," hissed the gambler's wife, as she broke up the party with a flourish of that homely but useful kitchen article in her muscular hand.

Fellowship with Great Minds. What is a great love of books? It is something like a personal introduction to the great and good men of all times.—John Bright.

SAVE YOUR FOWLS!

Bourbon Poultry Cure is recognized as the standard poultry remedy of the world. It is the one remedy that can be depended on with absolute certainty to cure and prevent

Gapes, Cholera, Roup, Limberneck, Bumblehead and all existing forms of poultry diseases. A few drops in the drinking water keeps fowls healthy and free from disease. A few bottles makes 10 gallons of medicine. For the treatment of Blackhead and other diseases in turkeys

Bourbon Poultry Cure
—HAS NO EQUAL—
Mrs. W. W. Ralston, Hopkinsville, Ky., says: "I have been raising chickens for nearly fifty years and I have never used any other remedy for the diseases of my fowls than Bourbon Poultry Cure. It is a sure cure for Cholera and Limberneck."
Manufactured only by **Bourbon Remedy Co.** Incorporated, Lexington, Ky., U. S. A.
At All Leading Druggists. 50c per Bottle. Trial Vial Free.

Change in C. & O. Officials.

In an official circular issued from the office of President Stevens of the Chesapeake & Ohio, Mr. C. E. Doyle, formerly Vice-President and General Manager, has been promoted to Vice-President in charge of operation. Mr. F. M. Whitaker, formerly Vice-President and Traffic Manager, has been promoted to Vice-President in charge of traffic.

In a general circular from the office of the Vice-President in charge of operation, the following promotions were announced:

E. W. Grice, formerly General Superintendent of West Virginia General Division, promoted to General Manager.

C. C. Walker, formerly Superintendent Transportation to General Superintendent Transportation.

J. F. Walsh, formerly Superintendent Motive Power to General Superintendent Motive Power.

F. I. Cabell, formerly Engineer Maintenance of Way to Chief Engineer Maintenance of Way.

E. P. Goodwin, formerly General Superintendent of Kentucky General Division to General Superintendent of West Virginia General Division, vice Mr. Grice promoted.

J. P. Stevens, Superintendent of the Cincinnati Division to General Superintendent of Kentucky General Division, vice Mr. Goodwin promoted.

J. R. Gould, Master Mechanic, Richmond Division, to Superintendent Motive Power, W. Va., General Division.

C. H. Terrell, Master Mechanic, W. Va. General Division, to Motive Power, W. Va. General Division.

W. T. Smith, Master Mechanic, Cincinnati Division, to Superintendent Motive Power, Kentucky General Division.

F. B. Isaacs, Division Engineer, Richmond Division, to Engineer Maintenance of Way, Virginia General Division.

C. W. Johns, Asst. Engineer Maintenance of Way, W. Va. General Division, to Engineer Maintenance of Way, W. Va. General Division.

L. B. Allen, Division Engineer, Ashland Division, to Engineer Maintenance of Way, Kentucky General Division.

These promotions are made by Vice-President C. E. Doyle.

Father Tells of Wife's Shame To Save Son.

In a desperate effort to save his son from going to the gallows for the murder of J. Hangary Fawcett, cashier of the Merchants' National Bank of New Albany, last November, William J. Hoal went on the witness stand and laid bare details of an unhappy early married life, telling freely of his first wife's addiction to intoxicants, in order to support the contention of the defense—that Thomas Jefferson Hoal is now insane, and was insane at the time he raided the New Albany bank, killed the cashier and wounded J. K. Woodward, the President, and a negro chauffeur.

NEEDFUL KNOWLEDGE.

Mt. Sterling People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy. Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Mt. Sterling proof:

R. M. Freedland, 169 W. High St., Mt. Sterling, Ky., says: "Driving affected my kidneys and the jarring of the wagon caused severe pains through these organs. I finally procured Doan's Kidney Pills at F. C. Duerson's Drug Store and they gave me prompt and positive relief. When I have felt any need of a kidney remedy since then, I have taken Doan's Kidney Pills and they have never failed me. Any person suffering from backache or any other symptom of kidney trouble will make no mistake in giving this preparation a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

Harriman's Daughter to Wed.

Mrs. Mary Averell Harriman, widow of E. H. Harriman, declined to discuss a report that her daughter Mary, will marry Charles Carey Rumsey, of Buffalo. When Mrs. Harriman was informed that news of such an engagement was current she sent back word: "I will neither confirm nor deny the report."

Husband and Wife For 90 Years.

Census returns from Florence, Colo., include a pair of remarkable schedules in the case of Francisco Espor and his wife, Rafael, who claim to be 110 and 107 years of age respectively, and to have been married ninety years.

According to the information given by their granddaughter, Mrs. Julia Montoya, with whom they live, Espor, who is of French parentage, was born in what is now New Mexico, in 1800, and his wife was born in Taos, Mexico, in 1803. They were married in Santa Fe in 1820. One son, the survivor of ten children, still lives in New Mexico. He is eighty-five years old.

This label is the mark of the best store as well as the best clothes.

What Does the Label Mean And What Does it Stand For?

Protection follows this label.

It is a little thing to look for, but yet what a great mantle of protection it throws around your purchases, whether it be clothes to wear or food to eat. Seldom you men look for it—you haven't the time to spend money properly, but you have time for complaint when YOU have an unsatisfactory purchase. It is said the Women's Clubs of America were first to agitate the pure food laws and have food stuffs labeled what they contained. Perhaps it will be left to them to have pure wool laws enacted and all textile materials labeled what they really are for the protection of the purchasers of apparel for men. It should be they do things and besides they spend from eighty to ninety per cent of the eight hundred million every year for textile materials.

If all men stood for right and backed the fair, square stores and looked for the label of fair, square manufacturers we would need no laws to brand wool wool, cotton cotton or linen linen.

Why, down in Rochester, New York, a firm, the

STEIN-BLOCH COMPANY,

have spent a half a hundred years pleading intelligently with the men of America to look for their label that they would know their clothes from the inferior—the clothes that were the best at the beginning, the clothes that opened the way, the clothes that at the noon day of their triumph compared favorably with the best of other makes of to-day. The

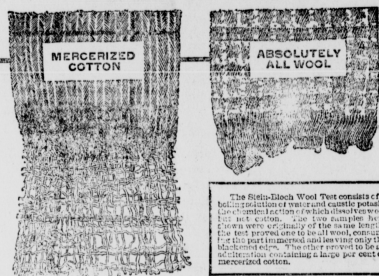

Stein-Bloch Clothes

have increased in good with time and to-day stand as the world's known best. It is no more than natural that they are here in the

South's Best Store

and they may be had at moderate prices. Look for the Stein-Bloch label—it means wool, honest tailoring and honest methods from maker to purchaser.

The Stein-Bloch Wool Test

This picture shows the results after the wool tests which are carried on in the Stein-Bloch factory. The wool from this piece has been dissolved by caustic potash, leaving the mercerized cotton.

The new mustard shades—Tans, Browns and Greys—are the real fad for young men. A collection of fittings and an array of styles that will satisfy the most exacting. Suits at

\$10, \$12.50 and \$15.

Stein-Bloch label suits at

\$10, \$20, \$22.50, \$25 and \$30.

You may enjoy the same shoe excellence as the city purchaser if you spend your money intelligently for J. & M. Shoes.

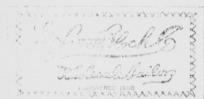

You have an opportunity to buy the MANHATTAN SHIRTS in Mt. Sterling. Every length of sleeve and neck sizes from a selection of the best of Manhattan styles.

TO DRESS AMISS IS TO MISS OUR STORE

Not a hasty but a thorough look is expected of you.

WALSH BROTHERS

HOUSE OF QUALITY

This label stands for fifty-four years of knowing how and action.

Montgomery Fair July 19 to 23

This label was first in the beginning, ahead to-day, and a prophet of future excellence in clothes making.

Census.

Mr. G. E. Coons, who has been taking the census of the city reports the total number of people inside the corporate limits to be 3,951. We regret that our town did not reach 4,000; however, it is to be remembered that this census does not include Smithville, Turleyville, part of Winn street, Maysville, Levee and Winchester pikes, or the total would have been something over 6,000. As none of these little outstanding settlements have stores our city gets the benefit of their trade the same as if they were in the corporate limits.

PETERS GOOD FEELER work shoes for men. If you wear a pair of them you will have no other. J. H. Brunner, The Shoe Man. 42-3t.

New Meat Store.

Dance.

On last Friday evening the Junior Dancing Club gave their first dance in McKee's Hall. It was a most enjoyable affair and all present had a most excellent time. The Opera House "pair," composed of Brown and Stephens furnished the music in a most creditable manner.

We lead the leaders and they like our way.—Walsh Bros.

MARRIAGES.

WOOD-SAUNDERS.

At Americus, Ga., Miss Mary Wood and Mr. Wm. Saunders were united in marriage. This comes as a surprise to the bride's many friends here in Mt. Sterling, where she has been spending the winter with her grandmother, Mrs. P. L. Reese. Mr. Saunders is a prosperous business man of Chicago. The bride is a daughter of Capt. Ed. Wood, and is a young woman of beautiful character. She is a vocalist of considerable note. They have the best wishes of many friends.

WILLIS-SLEDD.

At 8 o'clock this evening, at the residence of the bride's brothers, John D. and Samuel P. Greenwade, in this city, Dr. Wm. Thornton Willis and Mrs. Drucilla Sledd will be quietly united in marriage, in the presence of a few relatives and intimate friends. The bride-to-be has spent practically all of her life in our midst; is one of Montgomery county's loveliest and most attractive daughters and enjoys the esteem and friendship of the entire community. The groom has been a resident of our city for about 13 years, is a member of one of Kentucky's oldest and most respected families, being a son of Mr. and Mrs. L. H. Willis, of Jessamine county, and is a high-toned gentleman in every sense of the word. Professionally, he ranks deservedly high and has always enjoyed a lucrative practice. A host of friends join us in extending hearty congratulations and best wishes.

STEWART-HISLE.

At Winchester, on last Wednesday, Miss Illa Stewart, became the bride of Mr. Vernon Hisle. The wedding took place at the First Christian Church. Just before the ceremony Mrs. Flora Hugart rendered two beautiful solos. Quite a crowd of friends were present to wish them success and happiness in their married life. The groom is the eldest son of Mr. and Mrs. J. N. Hisle and is a young man of character and ability. The bride is a daughter of Mr. and Mrs. Charles B. Stewart, and is a young woman of attractive personality. Mrs. Hisle is well known here having often been the attractive visitor of her sister, Mrs. Roger D. Barnes. Mr. Hisle is known to many of our readers, having been connected with the American Tobacco Co. in this city a few years ago. The Advocate joins with their hosts of friends in wishing them long life and happiness.

McGINNIS-HAINLINE.

The marriage of Miss Edythe Hill McGinnis to Mr. Charles B. Hainline, of Mt. Sterling, was celebrated on Saturday afternoon, April 30th, at 3 o'clock at the home of the bride, the Rev. P. C. Eversole officiating. The wedding was a brilliant event in the social history of Henry County, and every detail was beautifully arranged. The parlor was elaborately decorated with Southern Smilax, the improvised altar, across one corner of the room, was hung with great quantities of ferns and palms and with candles burning in silver candelabra on high pedestals, with a most beautiful sitting for the bridal party. The bride is the only daughter of J. T. McGinnis, and is one of Henry County's most popular girls, as was exemplified by the many and handsome gifts received. The groom is to be congratulated upon his choice, for aside from being a clever artist and fine musician is thoroughly versed in all the requirements of domestic life. Mr. Hainline, though a stranger to our people, comes from one of Montgomery's best families and has made a host of friends during his visits here. May there be a long life of wedded happiness.—Henry County Local.

Mr. Hainline is one of our very best young men and we congratulate him upon his choice and throw open the gates of our city in welcome.

DEATHS.

BENTON.—Miss Fannie Benton died at the home of her sister, Mrs. Bettle Taul, in Winchester, Ky., Thursday. Miss Benton was 66 years of age. She was well known here.

CLARK.—Mrs. Jas. E. Clark, wife of Hon. Jas. E. Clark, of Morehead, Rowan county, died at the home of her daughter, Mrs. Dale Bonfield, where she had been visiting for a short time. She was an excellent woman and her loss will be felt by many.

HOLLAND.—John Holland, of Columbus, Ohio, died last Wednesday night, aged 38 years. He left surviving him his mother, three brothers and two sisters. Mr. Holland was formerly a resident of Mt. Sterling, and many friends extend their sympathy to his family.

CORBETT.—Mrs. Corbett, wife of William Corbett, of Louisville, Ky., formerly a resident of Mt. Sterling, died at her home on Monday of tuberculosis. She was an excellent woman, loved by all who knew her. Mr. Corbett has the sympathy of many friends in his bereavement.

WOODS.—On Tuesday at his country home in Jessamine county Mr. Andrew Woods, aged ninety-five years, bid farewell to his earthly friends and took his departure to the great beyond. Mr. Woods was a man among men, one who loved his friends, one who loved his home and one who always lived the life of a Christian. He was born, lived all his life and died on the same farm. Mr. Woods was the step-father of W. P. Guthrie, of our city. The burial was on Thursday and was attended by Mr. and Mrs. W. P. Guthrie.

Don't forget the sales on buck-ets next Saturday at THE FAIR.

The Strength of Love. There is comfort in the strength of love; 'twill make a thing endurable which else would overstrain the brain or break the heart.—Wordsworth.

Do You Gamble?

Some people do by spending their time and labor and money by housing a crop of hay, oats and other farm produce, and keeping thousands of dollars invested in live stock housed in barns, and gamble with themselves that it will not burn. DO YOU?

Other people place their savings in a home and handsome furniture and then gamble on their luck that it will not burn. DO YOU?

Still others invest thousands in factories, mills, warehouses and other things subject to fire, and think they can, by careful watching, prevent a fire. DO YOU?

To all persons gambling with themselves against loss by fire, wind or tornado, we would suggest you give the matter careful consideration. Can you afford to take chances of losing part or all of your accumulations for a lifetime by gambling on your luck? We think not. See us before it is too late, and do not gamble with yourself.

The Greatest Virtue.

We are gradually learning the inestimable importance of keeping clean. The most remarkable advances in surgery are applications of this humble virtue. The modern surgeon arrays himself in spotless linen, washes his hands forty times, and even then puts on sterilized gloves of rubber, and meets his patient in a room from which every possible particle of dirt has been excluded. His patient recovers. Sick people used to die of dirt. From the beginning of the world this has been the most prevalent of all diseases. The plague, which regularly desolated the mediaeval cities, was invited by the foul streets, the open drains and the litter of the yards. At last it was perceived that dirt is a kind of poison.

The salvation of children from disease is to keep them clean. The health of a neighborhood requires clean streets, alleys sharply inspected and houses with sanitary plumbing. It is essential to our physical welfare that we breathe clean air and plenty of it, and drink clean water. It is here that every woman who wants to serve her family, her fellow-beings, her community, can do the most effective work that can fall to woman's work to do: to see that her neighborhood is clean. But, of course, that means, first, that she

must keep herself and her family clean: her own house clean; her back yard and her front yard clean. With her own doorstep clean she can insist that her neighbor shall do the same. For while cleanliness begins at home it goes out till it pervades the entire population. And no time of the year is more auspicious for the beginning of a campaign of cleanliness than at a beginning of the spring. —Ladies Home Journal.

How To Be Popular.

The way to be popular has been explained by one of the marsh-mellow magazines which inflates itself with the idea that it is directing modern life. "When you shake hands with a man," runs the recipe, "grasp the hand as though you were glad to see the owner, look him in the eye and give him a smile from your heart." This is a sure enough recipe. It has been used a million times from Alcibiades down to day before yesterday. It has been worked by some of the greatest frauds in christendom to subvert their own ends. The man who is seeking popularity, posing for it, angling for it, doesn't deserve it. Keep your admiration for men who show you their real selves, who, when they are bothered or worried, or mad or glad, make it manifest by appropriate facial expression, and who are not constantly standing themselves before the mirror. —Minneapolis Journal.

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection WICK BLUE FLAME Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Bouls, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible

feet, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke, and it doesn't heat the kitchen.

The nickel finish, with the turquoise blue of the enamel chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

ADDRESS ON TUBERCULOSIS. (Continued from last week.)

SYMPTOMS OF TUBERCULOSIS.
The germs of tuberculosis by its growth produces toxins or poisons which circulate in the blood and cause a well defined group of symptoms. Some of these symptoms may be discovered by a layman, others only reveal themselves to the careful and painstaking diagnostician. Any one of the following symptoms which persist and cannot be explained on a safe basis should lead the patient to consult a physician at once:

- Run-down feeling.
- Loss of weight.
- Chronic cough.
- Daily rise in temperature.
- Change in pulse rate.
- Night sweats.
- Spitting of blood or streaks of blood.

PREVENTION OF TUBERCULOSIS.
The disease is truly one in which an ounce of prevention is worth a pound of cure. Thanks to sanitation and preventive medicine, this dread scourge is now so well understood that it only remains for the world to avail itself of the knowledge which science has given it, and for every man, woman and child to enlist in the army which is to fight it.

The cure of tuberculosis must be directed along the following lines:

1. Cleanliness and rest.
2. Unlimited amount fresh air and sunshine.
3. Proper quantity and quality of food taken at the right time.
4. Regulative expenditure of bodily energy and see that balance is on the right side.
5. Relentless attention to every detail by both the patient and physician.

Early diagnosis is necessary for a cure and the disease is best treated in a properly constructed sanitarium. It may be successfully treated at home if the patient can be given plenty of food and fresh air under the skillful direction of a physician, there is no specific remedy for the disease. That is, there is no one remedy which will cure every time. There are many remedies which when skillfully used at the proper time help Nature to win the victory in her struggle against the disease. Patent medicines and advertised cures are to be avoided. They do not cure and are always dangerous. A merciless hatred is unfit punishment for an advertising quack who trades on the credulity of a great misfortune.

As before stated, the greatest field for activity and the one which holds out the best promise

for favorable results is along the line of prevention. This implies a furtherance of everything that contributes to good hygiene; the bolishment of crowded tenements or the poor; the admission of fresh air, and above all of sunlight, into living rooms and working rooms everywhere; the limitation and regulation of child labor, and of the hours of labor of old and young; food inspection; provision for bathing facilities and a thousand things that go to make healthy living possible. Not only must this possibility be placed within their reach, but the ignorant must be instructed as to the importance of these measures for health and for life. It is to be remembered how the Apostle Paul stood on Mars hill and preached to the people about an unknown God. So will the gospel of sunshine, cleanliness and health come to many as something unknown. All this belongs to the department of public health, aided by the efforts of benevolent organizations, supported by the voice of the public press, and ceaselessly agitated by the medical profession everywhere.

Hercules, of mythological fame, is credited with cleansing the Augean stables by turning the river Aepheus through them after they had been occupied by three thousand oxen for thirty years. Public sentiment properly directed may be made to act as a mighty river to flood and wash out tenement districts and other places where the odor of uncleanness and disease already ascends into high heaven.

The law is quick to take hold of a man who disturbs society, or commits the heinous crime of killing a fellowman, yet little attention is given to the breeding places of tuberculosis which may be the cause of hundreds of deaths.

The securing of proper State and municipal legislation is essential.

Every case of tuberculosis is due to the carelessness of some other tuberculous patient. The disease can be prevented and stamped out by the following measures:

- By teaching the consumptive to destroy his sputum
- By preventing anyone from spitting in public places, public vehicles, street cars, etc.
- By discarding the long skirts worn by some women, as they sweep up infection and carry it into houses.
- By teaching people not to sleep, live or work in dark or badly ventilated rooms.
- By advocating fresh air, outdoor life, sunshine, rest, no overwork, wholesome food and temperate habits.

By teaching the consumptive how not to infect his family or neighbors.

By discovering the disease in its early stages and curing the patient thus removing the source of infection to others.

By the disinfection of all rooms vacated by tubercular patients as soon as they are vacated.

By repeated cleansing and frequent disinfection of all rooms occupied by tubercular patients. Dusting of such rooms should never be permitted. The cleansing should be done with soap and water.

By educating the community as to the nature of the disease that it is communicable, preventable and curable.

By educating the people to keep their bodies in such physical condition as to enable them to resist the germs.

MOVEMENT FOR EDUCATION.

To many it may be of interest to know that at present there is an organized movement in all parts of the United States which has for its object not only the education of the people with regard to tuberculosis, but the establishment of hospitals for advanced and incurable cases, sanatoria for the treatment of curable cases, and dispensaries for early diagnosis and advice. The growth of the movement may be seen in the fact

that there were in the United States on January 1, 1910, 394 anti-tuberculosis associations and committees, 386 special tuberculosis hospitals and sanatoria, and 265 special tuberculosis dispensaries. Before January 1st 1905, there were 24 associations, 115 hospitals and sanatoria, and 19 special dispensaries.

Where so much interest is being shown the question naturally comes: "What can we all do to help in this great national fight?"

To teachers I would say, instruct your pupils as to the nature prevention and cure of tuberculosis. Teach them the simple rules of health. Discourage them from exchanging with each other such articles as pencils and pens which are liable to be put in the mouth. "Keep the class room well ventilated."

Parents should keep the home clean, with free admission of fresh air and sunshine. Teach the children to sleep with the windows open, to eat proper and nourishing food, to observe the laws of health.

Children should be kept clean, put nothing into the mouth except food, stay as much as possible in the fresh air and sunshine and eat wholesome and nutritious food.

As a closing word I would say to everyone, become acquainted with and obey the laws of health; for in this enlightened age we are compelled to recognize and teach that disease is the result of the transgression of Nature's laws and that by obeying these laws we not only better our own condition, but give to posterity the greatest of all inheritances—health.

Fiscal Court Proceedings.

Our Fiscal Court at its May meeting, after transacting the regular routine work, fixed the levy for the Fiscal Court, 1910, at sixty cents on the \$100 worth of taxable property in the county and a poll tax of \$1.50 on each male citizen over the age of 21 years. Upon recommendation of the Board of Education a tax of ten cents on each \$100 worth of taxable property and a poll tax of fifty cents on each male citizen of the county was levied for educational purposes. The poll tax is just half what it was last year. The school tax levy does not apply to the person or property of white persons living and owning property within the Public Grade School district of Mt. Sterling, Ky.

Messrs. W. A. DeHaven and Miller Anderson were appointed a committee to at once ride over the various pikes of the county, accompanied by the Magistrate in each district, respectively, and ascertain the needs of the pike with a view of more intelligently expending the next levy where most needed.

Messrs. C. G. Thompson, E. W. Senff and A. A. Hazelrigg were appointed a committee to draft suitable resolutions on the death of Jno. F. King, deceased, and report at next meeting.

Use Minor's Fluid for a household disinfectant. W. S. Lloyd.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

EASY TO CURE

Coughs, Colds, Sore Throat and Catarrh.

Breathe Hyomei. It will cure catarrh or any nose or throat trouble if you follow directions. Don't lay it aside when the sniffling, hawking and spitting have ceased. Stick to it daily until you are sure that the catarrh germ is dead, and that your air passages are free from their poisonous influence. Hyomei (pronounced High-o-mei) is the only treatment for nose, throat and lung troubles that has ever been sold with the understanding that if it did not cure, it was to cost absolutely nothing.

Hyomei can be obtained at druggists everywhere and at W. S. Lloyd's, who guarantees it to cure catarrh, croup, sore throat, coughs and colds. A complete outfit \$1.00, which is mighty cheap for a remedy that has cured more cases of catarrh than all the catarrh specialists on earth.

An outfit consists of an inhaler, a bottle of Hyomei, a supply of antiseptic gauze, a medicine dropper, and full instructions for use. The inhaler is made pocket size, of hard rubber, and will last a lifetime. And bear in mind that extra bottles of Hyomei, if needed, cost only 50 cents. 42&44.

MI-ONA Cures Indigestion.

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of 144, 50 cents. Druggists in all towns.
